RELEVANT EXPERIENCE

UX/UI Designer | Unify, Enactus SFU

May 2025 - July 2026

- Led the product rebrand and design system across the mobile app and marketing touchpoints, contributing to Unify receiving the RBC Foundation Best Project Award.
- Conducted user interviews and synthesized insights to guide the Learn feature's product direction, which became the highest-rated feature after launch.
- Designed and prototyped key mobile features supporting newcomers with essential information and resources for life in Canada.

Multimedia Designer | Vancouver Coastal Health

Sept 2025 - April 2026

- Collaborated with clients and developers to resolve Jira tickets, troubleshoot design and functionality issues, and improve the overall user experience of e-learning content.
- Improved the **user experience for an online e-learning course** on Articulate Storyline that teaches 24-25,000+ employees and 100+ managers on scheduling tasks.
- **Filmed and photographed on-site materials** for educational e-learning videos on raising employee's safety awareness and rehab procedure, **increasing user retention and learning capabilities by 70%**.

OTHER EXPERIENCE

Digital Design Assistant | Applied Biological Materials

Sept 2025 - Present

- Translated complex scientific content into intuitive illustrations and motion graphics for the company's YouTube channel.
- Iterated on motion and visual design based on audience engagement, using performance insights to refine content and improve the overall user experience.
- **Designed user-focused digital content for a 4.4K+ community** of life science professionals, adapting visual communication to audience needs and contributing to 15% LinkedIn audience growth.

Graphic Designer | Saltus Grammar School

April 2023 - Aug 2026

- Delivered **100+ marketing and communication assets** that strengthened a consistent visual identity across digital and print channels.
- Collaborated remotely with stakeholders to define requirements, prioritize projects, and iterate on feedback.
